ALL SKIL TOOLS HAVE FAMOUS *SUPER BURNOUT PROTECTED* MOTORS

All motor windings, utilizing high temperature burnout resistant wire, are dip-coated in a polyester resin that bonds them in place and provides additional insulation against moisture and heat. Commutator bars and wire leads are welded in position (never soldered) so they can't melt.

As a result, Skil SUPER BURNOUT PROTECTED motors are able to sustain tremendous use and abuse and withstand frequent and excessive overloads without damage.

All Skil Portable Electric Power Tools shown in this catalog have been listed under the re-examination service of Underwriters Laboratories, Inc., for **industrial use.** The "UL" symbol shown at left appears on the nameplate of each tool.

another exclusive for SKIL Dealers

ADJUSTABLE Feature adds versatility

Now Control Speed Two Ways—Pre-set Maximum Speed By Turning Adjusting Knob And Increase Or Decrease Operating Speed By Pressure On Trigger

The new **Adjustable** Trigger Speed Control feature which is now available on all three models of the Skil Drive-R-Drill adds even more versatility to this remarkable tool. Now the operator can pre-set the maximum speed he desires—in either forward or reverse. Regardless of the pressure applied on the trigger the drill will not rotate faster than the maximum pre-set speed and he still has the advantage of Skil's Trigger Speed Control between 0 r.p.m. and the maximum pre-set speed. He'll find this adjustable control feature invaluable for driving and removing screws, drilling in ceramic tile or any other application where accuracy and control are of prime importance. The setting may be changed simply by turning the adjusting knob to a higher or lower speed.

He can also lock the drill in the "on" position and then by turning the adjusting knob increase or decrease the speed forward or reverse until reaching the desired rate. This is especially useful when using the drill with the drill stand accessory shown on page 7.

DRILL IN ANY MATERIAL—

Drills in ceramic tile | It's a Power Wrench, too, that tightens and removes nuts and bolts! | Taps threads, re-threads holes in metal. Reverse speed lets you back tap out

Sand wood and metal at controlled speeds | Sharpen mower blades, tools, knives, scissors, clippers | Remove paint, rust, scale, caked-on dirt

NEW REVERSING DRIVE-R-DRILLS WITH ADJUSTABLE TRIGGER SPEED CONTROL

ADJUSTABLE ¼" DRIVE-R-DRILL MODEL 596-5
(0-2000 r.p.m. forward/reverse)

The revolutionary Adjustable Trigger Speed Control feature makes the Drive-R-Drill more versatile than ever as a top-quality drill and driver. Controls speed two ways—by pre-setting adjusting knob or by pressure on trigger. The Drive-R-Drill is the most useful tool ever invented. Has powerful 2.5 amp. motor capable of most shop or home jobs. Length 9". Net wt. 3 lbs., ship. wt. 4 lbs.

ADJUSTABLE ⅜" DRIVE-R-DRILL MODEL 597-5
(0-1000 r.p.m. forward/reverse)

Has extra power — 3 amp. motor — for more demanding jobs. Extra chuck capacity for driving bits and other accessories in drilling, driving or removing applications. Removable side handle provides greater handling control. Length 9¾". Net wt. 3¼ lbs., ship. wt. 4½ lbs.

ADJUSTABLE ½" DRIVE-R-DRILL MODEL 598-5
(0-750 r.p.m. forward/reverse)

Larger chuck capacity for driving bigger screws, running bolts and nuts or drilling with large bits. Rugged 3 amp. motor provides maximum torque in forward or reverse speeds. Has removable side handle. Length 9¾". Net wt. 3½ lbs., ship. wt. 4½ lbs.

SPECIFICATIONS: All drills on this page have Universal 115 V motors (unless otherwise specified); trigger-type spring loaded switch with locking button. AC only; precision helical gears; gear chuck and key; 3-wire cord and plug.

DRIVE AND REMOVE SCREWS, BOLTS . . .TAP, SAND, POLISH, GRIND!

Controlled speed lets you stir paint without splashing

Speeds TV, Radio and Appliance Repairs

Assemble and take apart knock-down items easy, fast

Drives self-tapping screws without center punching

Drills glass

Drills masonry

It's a true power screwdriver, drives 'em into any material, removes 'em

Use slow speed to machine polish car, furniture . . . even shoes

Install and remove screw-on screens and storms

Install and replace auto accessories

SKIL DRIVE-R-DRILLS another exclusive for SKIL Dealers

OPERATE AT ANY SPEED IN EITHER DIRECTION

Just squeeze the trigger for any drilling or driving speed. The harder the squeeze, the higher the speed. Match the drilling speed to the material being drilled. A handy finger tip switch in front of the trigger lets operator control both speed and direction with one hand. (1) Flip it right for forward. (2) Flip it left for reverse. (Will do all jobs as drills on page 3 but do not have "Adjustable Locking" feature.)

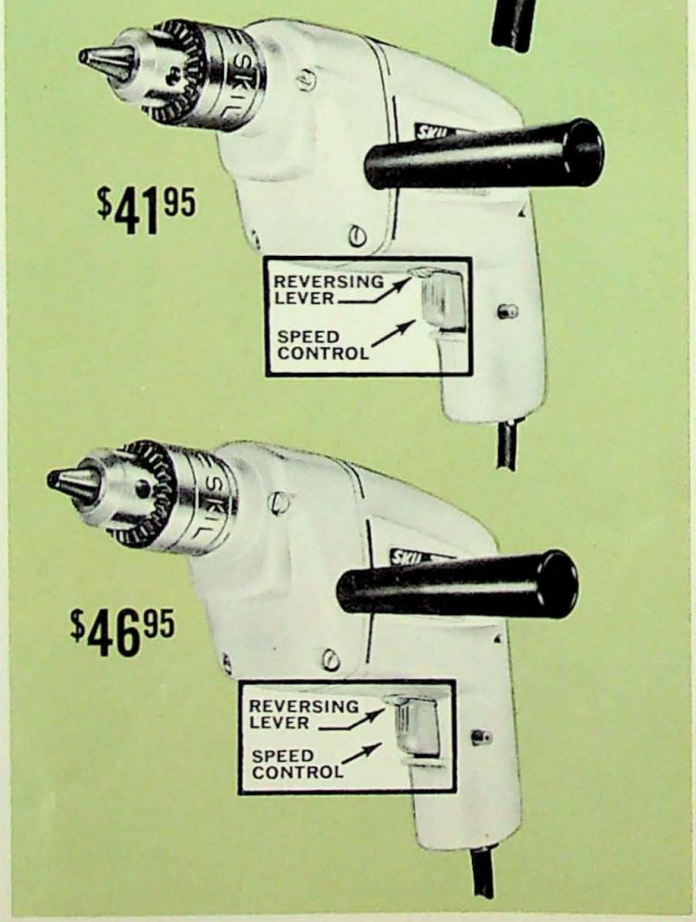

¼" REVERSING DRIVE-R-DRILL MODEL 596

0 to 2000 R.P.M. in either Direction

- **Powerful 2.5 amp motor provides punch for most drilling/driving jobs**
- **Slip-proof chuck will not loosen or spin off spindle when drill is reversed**

Revolutionary new tool is a top quality driver and drill. Flip switch right and drill is in forward. Flip switch left and it's in reverse. Drilling capacity: ¼" in steel; ½" in wood. Length overall 9". Net wt. 3 lbs., ship. wt. 4 lbs.

⅜" REVERSING DRIVE-R-DRILL MODEL 597

0 to 1000 R.P.M. in either direction

- **Has extra heft and power for more demanding jobs**
- **Powerful 3 amp motor**
- **Extra chuck capacity for driving larger accessories —in either direction**

For the home owner, hobbyist or professional who demands quality and versatility in a power tool. Drilling capacity: ⅜" in steel; ¾" in wood. Has removable side handle. Length overall 9¾". Net wt. 3¼ lbs., ship. wt. 4½ lbs.

½" REVERSING DRIVE-R-DRILL MODEL 598

0 to 750 R.P.M. in either direction

- **Larger chuck capacity to drill with big bits, drive large screws, also run bolts and nuts**
- **Rugged 3 amp motor provides maximum torque in forward or reversing speeds**

Provides extra power to loosen nuts, bolts; drive larger auger bits and hole saws. Has removable side handle for positive control and leverage. Drilling capacity: ½" in steel; 1" in wood. Length overall 9¾". Net wt. 3½ lbs., ship. wt. 4½ lbs.

Specifications: All drills on these two pages have: Universal 115V motors (unless otherwise specified); trigger-type spring-loaded switch with locking button, AC only; precision helical gears; geared chuck and key; 3-wire cord and plug.

SKIL TSC DRILLS The original trigger speed control tool

OPERATOR SQUEEZES TRIGGER FOR ANY FORWARD SPEED FROM 0 TO TOP R.P.M.

Drill or drive screws in wood, metal, steel, plastics, masonry, compositions . . . even glass without center punching. Drill into curved or irregular surfaces without bit skidding. Convert to precision screwdrivers by attaching driver bit.

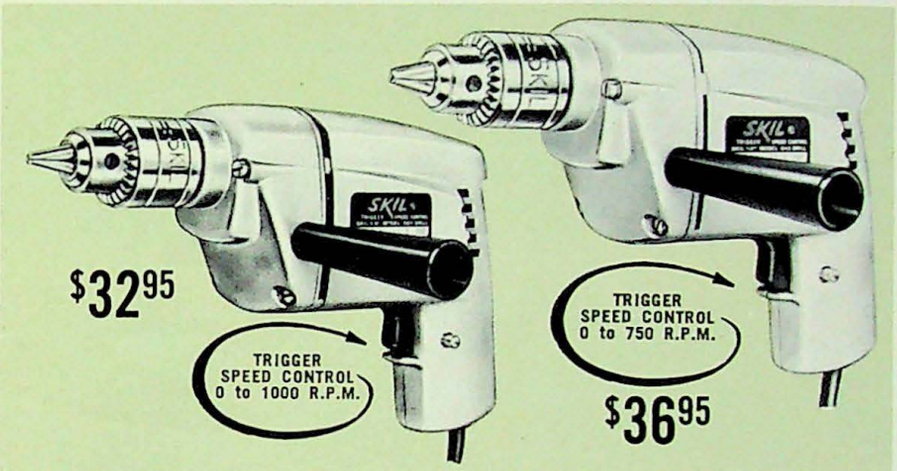

$25.95

1/4" DRILL MODEL 501

- **Powerful 2.5 amp motor handles most home and shop projects**
- **Precision helical gears prolong life of tool**

The revolutionary Trigger Speed Control feature provides greater versatility over standard drills when using general accessories. Drilling capacity: 1/4" in steel; 1/2" in wood. Length overall 9". Net wt. 3 lbs., ship. wt. 4 lbs.

$32.95

$36.95

3/8" DRILL MODEL 569

- **Rugged 3 amp motor delivers extra heft and power for more demanding shop and home projects**
- **Double reduction gears plus big chuck capacity permits use of larger auger bits and hole saws**

Super Burnout Protected motor delivers power for drilling up to 3/8" in steel, 3/4" in wood. Removable side handle provides positive control. Oversize fan. Length overall 9 3/4". Net wt. 3 1/4 lbs., ship. wt. 4 1/2 lbs.

1/2" DRILL MODEL 545

- **Compact, lightweight yet packs the power to handle heavier duty jobs**
- **Rugged 3 amp motor, multi-thrust bearing on chuck and true double reduction gears deliver more drilling torque**

For the man who wants big job capacity in a small drill package. Drilling capacity: up to 1/2" in steel: 1" in wood. Removable side handle. Length overall 9 3/4". Net wt. 3 1/2 lbs., ship. wt. 4 1/2 lbs.

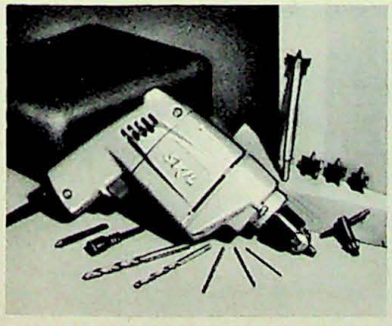

$49.95

1/4" HEAVY-DUTY DRILL MODEL 546

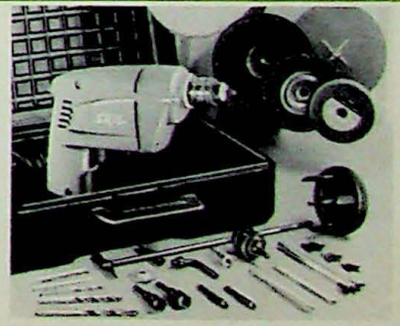

- **Extra powerful 1/4" drill for home, shop and service trades**
- **Rugged 3 amp motor, all ball and needle bearing construction**
- **Develops up to 1/4 H.P.**

Deluxe quality drill has power and capacity to handle toughest drilling jobs day-in and day-out. Drilling capacity: up to 1/4" in steel; 1/2" in wood. Length overall, 9 1/2". Net wt. 3 1/4 lbs., ship. wt. 4 lbs.

14-PC. 1/4" TSC DRILL KIT MODEL 42501—Includes Model 501 TSC Drill for drilling 0-2000 R.P.M. 5-pc. twist drill bit set (1/16", 3/32", 1/8", 5/16", 1/4"); 4-pc. auger bit set plus shank (5/8", 3/4", 7/8", 1"), two driver bits and carrying case. Ship. wt. 5 lbs. **$32.95**

27-PC. 1/4" TSC DRLL KIT MODEL 42511—Model 501 TSC Drill; 5-pc. twist drill set 1/16", 3/32", 1/8", 5/16", 1/4"); 4-pc. auger bit set plus shank (3/8", 3/4", 7/8", 1"); 2 carbide tip masonry bits; four driver bits; adjustable dial saw (cuts holes from 1 1/8" to 2 1/2"); 4" wire brush; 3" grinding wheel; coarse, medium and fine grit sanding discs; 5" lambswool polishing pad; 5" backing pad and arbor; paint mixer; carrying case. Ship. wt. 7 lbs. **$46.95**

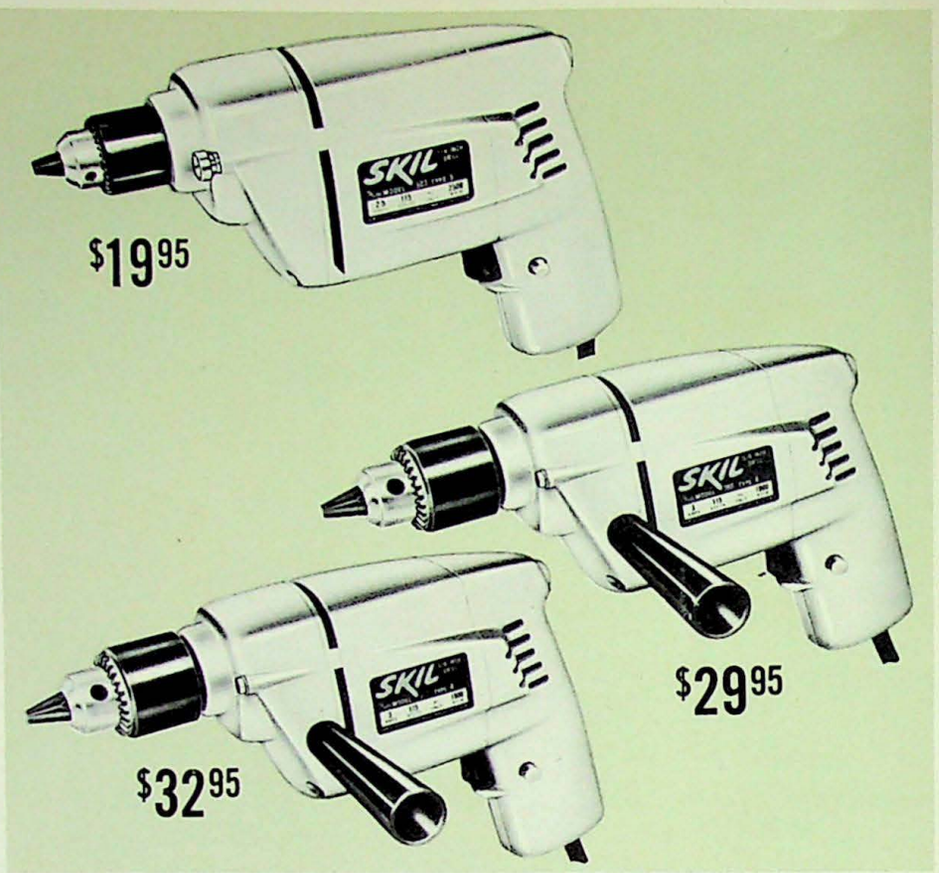

SKIL STANDARD DRILLS for home/professional use

¼" DRILL MODEL 503—Here is the basic low cost power tool for any home workshop. Has power to spare for drilling accurate holes in concrete, metal, brickwork, plaster, wood or wallboard. Extra power too for all sanding, grinding, polishing jobs. Lightweight design means easy handling. 2.5 amp. motor, no load speed, 2000 r.p.m. AC-DC. Drilling capacity: ¼" in steel; ½" in wood. Length overall, 9". Net wt. 3 lbs., ship. wt. 4 lbs.

⅜" DELUXE DRILL MODEL 560 — Rugged ⅜" drill with extra chuck capacity for use with larger bits up to ⅜" in steel, ¾" in wood. Removable side handle for extra control using power auger bits or hole saws. Powerful 3 amp. motor with double reduction gears provides more drilling torque. Oversize fan gives cool operation even on long drilling jobs. No load speed, 1000 r.p.m., AC-DC. Length overall, 9¾". Net wt. 3¼ lbs., ship. wt. 4½ lbs.

½" COMPACT DRILL MODEL 541 — Here's a drill that is compact and low in price without sacrificing drilling performance, and ease of handling. Cool running motor and double reduction gears deliver full drilling torque. Multi-thrust bearing on chuck spindle for heavier duty drilling. Removable side handle, 3 amp. motor. No load speed, 750 r.p.m., AC-DC. Drilling capacity: ½" in steel; 1" in wood. Length overall, 9¾". Net wt. 3½ lbs., ship. wt. 4½ lbs.

¼" HEAVY-DUTY DRILL MODEL 550—For the tradesman and home craftsman who wants a rugged performer to handle toughest jobs. Precision cut helical gears for smooth power transmission. Big 3 amp. motor delivers extra power for drilling and driving accessories. No load speed, 2500 r.p.m., AC-DC. Capacity: up to ¼" in steel; ½" in wood. Length overall, 9½". Net wt. 3¼ lbs., ship. wt. 4 lbs.

½" DELUXE DRILL MODEL 542—For drilling heavy lumber and metal, you need a hefty, powerful drill that can take real abuse. Bores 1" in hardwoods, drives hole saws and all self-feeding bits. Rear spade handle and removable top handle. Heavy-duty strain relief on cord. No load speed, 500 r.p.m., AC-DC. Length overall, 12½". Net wt. 6½ lbs., ship. wt. 8½ lbs.

DELUXE PLASTIC CASE No. 42528—with molded interior for Skil Drill Models 596, 596-5, 597, 597-5, 598, 598-5, 501, 569, 545, 503, 560, 541 . . . . . **$4.95**

METAL CASE No. 29794 — Strong, reinforced steel case for accommodating Models 680 and 681 drills with accessories. Provides protection and carrying convenience **$10.50**

SKIL HEAVY-DUTY DRILLS for professional use

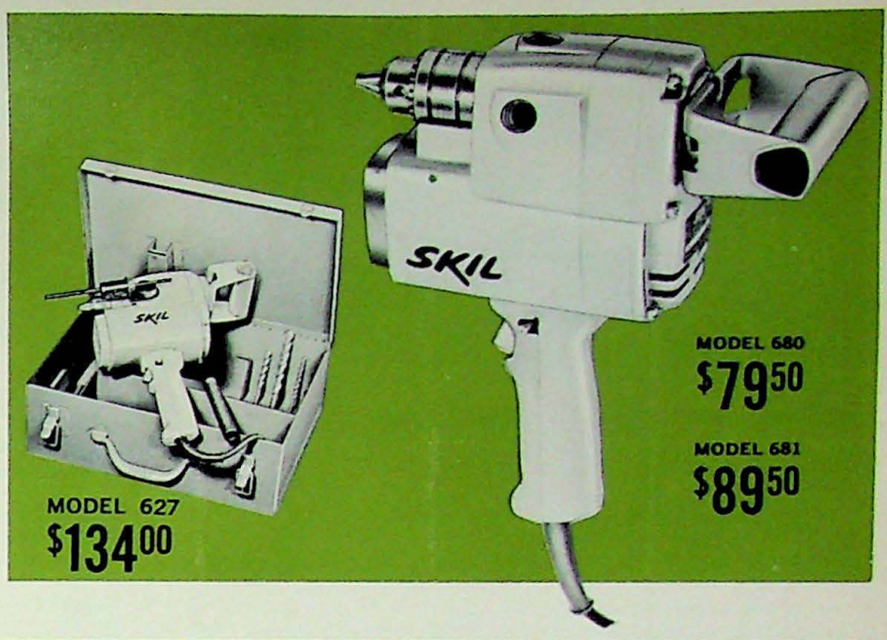

MODEL 627 HAMMER-DRILL KIT

- It's 2 tools in one — a hard hitting hammer-drill for drilling up to 7/8" holes in masonry; or a powerful 1/2" heavy-duty drill that is compact enough to work between studs and joists.

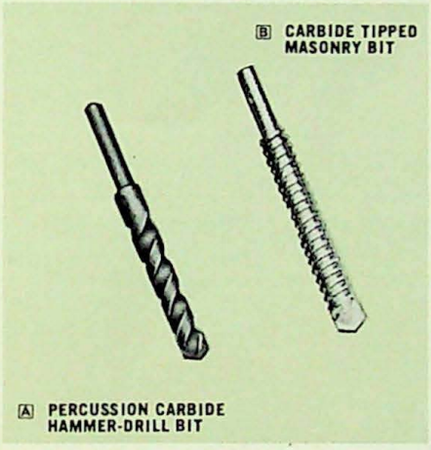

As Hammer-Drill it'll deliver over 21,500 blows per minute for drilling holes in masonry for anchors and fasteners. Has a depth gauge for drilling to uniform depth. As a drill the powerful 1200 r.p.m. motor delivers necessary torque to drive large hole saws and self-feeding bits. Only 9 1/2" long and only 7" long when adjustable rear handle in removed. No load speed 1200 r.p.m., full load 990 r.p.m. All ball and needle roller bearings. Removable side handle mounts on top, either side. Kit includes 1/4", 3/8" and 1/2" Percussion Carbide Tipped bits, steel carrying case. Net wt. 13 1/4 lbs., ship. wt. 14 3/4 lbs.

1/2" HEAVY-DUTY DRILL MODEL 680—Same as above but without hammering action. Powerful, compact for contractors and tradesmen. Work between studs, joists. 5 amp motor, no load speed, 450 r.p.m. (650 or 950 r.p.m. available at no extra cost). Net wt. 9 1/2 lbs., ship. wt. 12 lbs.

1/2" HEAVY-DUTY REVERSIBLE DRILL MODEL 681—Same as Model 680 but has reversing switch.

HAMMER-DRILL ACCESSORIES

A PERCUSSION CARBIDE HAMMER-DRILL BITS—High quality bits specifically designed to take the impact and rotation forces exerted by Hammer-Drill Model 627 Kit and other hammer-drills. Hardened alloy steel body, percussion carbide tip and special fluting for fast drilling and extremely long life. Packaged in reusable vinyl pouch.

NEW SKIL DRILL ACCESSORIES

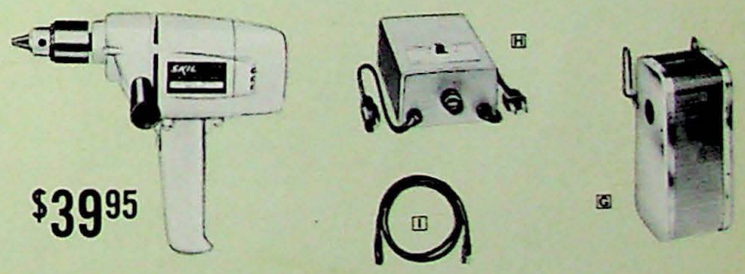

C 10' ELECTRIC SNAKE — Fits any size electric drill, clears drains in minutes. Insert into Skil drill and feed into drain.
No. 68250—Wt. 1 1/4 lbs. $5.95

D 28' ELECTRIC SNAKE — Same as above but heavier duty for more severe applications.
No. 68258—Wt. 5 1/2 lbs. $13.95

E HORIZONTAL DRILL STAND — Converts drill into stationary tool. For use with all Skil Pistol Grip Drills.
No. 45192—Wt. 1 1/4 lbs. $1.50

F VERTICAL DRILL STAND — Converts all Skil Pistol Grip Drills into stationary tool. Ideal for use with adjustable Drive-R-Drills on pages 2, 3.
No. 45136—Wt. 5 1/2 lbs. $12.50

SKIL BATTERY OPERATED DRILL

3/8" BATTERY OPERATED DRILL MODEL 468—Operates from rechargeable battery that clips to belt or on regular 12 v battery. Drill lumber, compositions, steel. Ball and needle bearings. No load speed 550 r.p.m. 12 v d.c. motor. Removable side handle, geared chuck, key. Net wt. 3 1/2 lbs., ship. wt. 4 1/2 lbs.

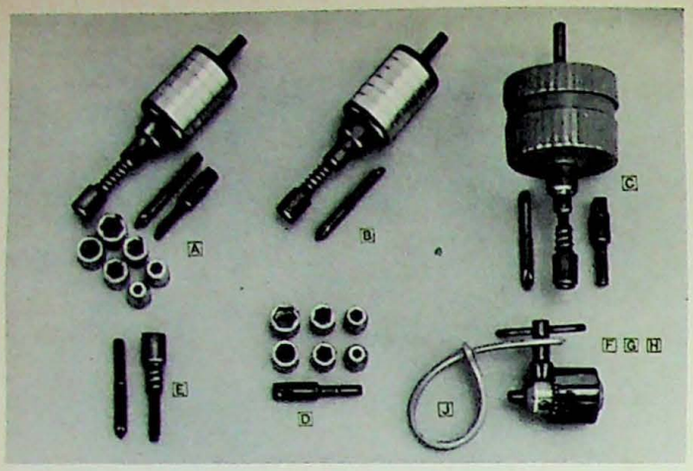

G RECHARGEABLE "BATTERY" No. 24981—Operates all Skil battery-operated tools. Clips to user's belt. Rechargeable. Ship. wt. 4 1/4 lbs. $52.50

H "BATTERY" CHARGER No. 25967—Has two charging rates; fast charge 14 hours, slow charge 30 hours. Plug into any 115 Volt outlet and connect to battery. Ship. wt. 2 1/2 lbs. $15.50

I No. 25882 Cord—4 ft. long $2.10
No. 25968 Cord—6 ft. long $2.35
No. 25970 Cord—24 ft. long. For operation from 12v car or mower battery $5.80

All drills on these two pages except model 468 have: Universal 115V. motors, (unless otherwise specified), trigger-type spring-loaded switch with lock button, AC-DC (Models 627, 680, 681 have double-pole spring loaded switch), geared chuck and key, 3-wire cord and plug.

SKIL DRILL ACCESSORIES

SCREWDRIVER ATTACHMENT BIT & SOCKET SETS—Convert any conventional drill (without Trigger Speed Control) to power driver for running nuts, bolts, slotted and Phillips head screws far faster than by hand. Driver attachment has industrial-type clutch.

A **No. 43651 Deluxe Set**—Includes driver attachment, one each slotted and Phillips head bit, socket adapter and 6 sockets (¼" to ⅜")..... **$8.50**
(Note: Slotted and Phillips bits can also be purchased separately, see E)

B **No. 16358 Set**—Includes screwdriver attachment, one each slotted and Phillips head bit **$5.75**

C **REVERSIBLE SPEED REDUCER**—Provides 11 to 1 gear reduction to convert any conventional drill (without Trigger Speed Control) to high-torque driver. For driving and removing screws, bolts and nuts. Includes one each speed reducer, socket adapter, slotted and Phillips bit.
No. 43659 ..... **$10.95**

D **SOCKET SET**—For use with all Skil Trigger Speed Control drills. Fit directly into chuck for running bolts and nuts up to ⅜". Set contains socket adapter and 6 sockets (sizes: 5/16", ¼", 9/32", 5/16", 11/32", ⅜").
No. 43685 ..... **$2.35**

E **SCREWDRIVER BITS**—For use with screwdriver attachments and reversible speed reducer.

No. 29846—#1 Phillips Bit	$1.00
No. 29847—#2 Phillips Bit	1.00
No. 29848—#3 Phillips Bit	1.00
No. 29849—Slotted Bit for #6-8 screws	1.30
No. 29850—Slotted Bit for #8-10 screws	1.30
No. 29851—Slotted Bit for #10-12 screws	1.30
No. 43652—Socket Adapter	1.35

¼" HEX SCREWDRIVER BITS—Fit directly into geared chuck of all Skil Trigger Speed Control Drills and Drive-R-Drills. (Not shown).

No. 43707—#1 Phillips Bit	$ .85
No. 43708—#2 Phillips Bit	.85
No. 43709—#3 Phillips Bit	.85
No. 43710—Slotted Bit for #6-8 screw	1.05
No. 43711—Slotted Bit for #8-10 screw	1.05
No. 43712—Slotted Bit for #10-12 screw	1.20
No. 43713—Socket Adapter	1.40

F **¼" DRILL CHUCKS, KEYS AND HOLDERS**

No. 2125—¼" geared chuck and key (fits all ¼" drills with ⅜-24 threaded spindle)°°	$5.25
No. 42828—¼" geared chuck and key for Model 596 Type 1 Drive-R-Drill	$5.95
No. 1952—Key only for Nos. 2125 and 42828 geared chucks	$ .80
No. 1752—Key only for former No. 2025 geared chuck	.80

G **⅜" DRILL CHUCKS, KEYS AND HOLDERS**

No. 2038—⅜" geared chuck and key (fits all ⅜" drills with ⅜"-24 threaded spindle)	$8.45
No. 42829—⅜" geared chuck and key for Model 597 Type 1 Drive-R-Drills	$8.95
No. 2752—Key only for Nos. 2038 and 42829 geared chucks	$1.10
No. 1758—Key only for chucks marked "SUH-13A"	$1.15

H **½" DRILL CHUCKS, KEYS AND HOLDERS**

No. 2050—½" geared chuck and key (for Skil Model 542 Drill, other ½" drills with ½"-20 threaded spindle)	$9.25
No. 2150—½" geared chuck and key (for Model 541 Drill, other drills with ⅜"-24 threaded spindle)	$9.25
No. 42830—½" geared chuck and key for Model 598 Type 1 Drive-R-Drill	$9.95
No. 2752—Key only for Nos. 2050, 2150, and 42830 geared chucks	$1.10
No. 29854—Geared chuck and key for 624, 680 and 681 Drills	$13.00
No. 3766—½" chuck key for Models 624, 680, 681	$1.15

°°No. 4151 Adapter required for ¼" drills with internal spindle thread.

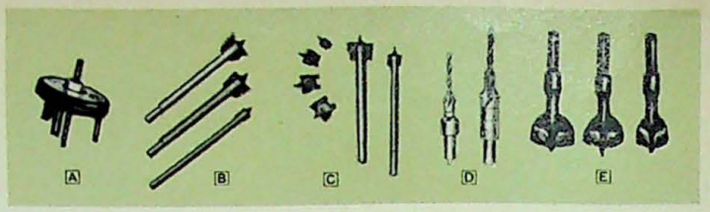

J **CHUCK KEY HOLDER**—Holds ¼", ⅜", ½", chuck keys, cord slips over chuck key. Helps prevent loss.
No. 23756 ..... **$ .35**

NEW No. 45019 ACCESSORY KIT—For Drive-R-Drills, trigger speed control and other variable speed drills. Contains five drill bits, sizes 5/64, 3/32, 7/64, 9/64, ¼; three Phillips screwdriver bits #1, #2, #3. Slotted screwdriver bits for #6, #8 and #10 screws, socket adapter and six sockets, sizes 5/16, ¼, 9/32, 5/16, 11/32 and ⅜ **$8.50**

New No. 68255 Router Drill — Saw, drill, rout, file. For use with any SKIL Drill **$1.50**

A **ADJUSTABLE DIAL SAW**—Fits any drill. Cuts holes in wood, plastic and composition from 1⅛" to 2½". Hole size adjustments are easily made.
No. 19781 ..... **$5.25**
No. 19645—Replacement Blades **$1.25**

B **POWER AUGER BITS (12 SIZES ⅜"-1¼" DIA.)**—For any electric drill. Fast low cost way to make holes in wood, plastic, compositions, wallboard. Complete bit has 3-piece design—shank, screw, cutter. Hardened tool steel cutters—for smooth, accurate drilling.

Part No.	Cutter Dia.	Price	Part No.	Cutter Dia.	Price

A SANDING/POLISHING KIT—Converts your ¼" drill to a disc sander or power polisher for cars, furniture, etc. Sand flat or curved surfaces. Kit includes rubber disc pad, arbor with ¼" shank, 3" sanding discs, polishing bonnet.
No. 3359.....**$2.75**

DISC SANDING AND POLISHING ACCESSORIES

No.	Description	Price
3293	Five sanding discs, coarse, 1½ (40) grit	$ .75
3294	Five sanding discs, medium, 1/0 (80) grit	.70
3295	Five sanding discs, fine, 3/0 (120) grit	.65
3363	5" lambswool bonnet	1.25
10491	5" rubber disc pad with ¼" shank arbor	1.35

B WIRE WHEEL BRUSHES*—Dozens of uses for removing paint, rust, polishing and buffing metals. Excellent for close quarters. ½" wide face, ½" arbor hole. Medium wire.
No. 43334—3" diameter.....**$1.05**
No. 9427—4" diameter.....**1.35**

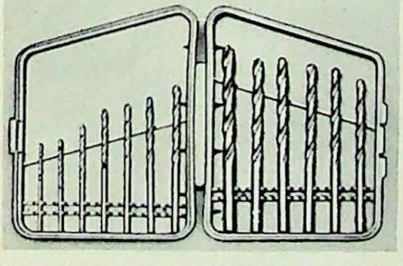

C GRINDING WHEEL*—For sharpening tools and other grinding jobs. Wheel is 3" diameter, with ½" arbor hole.
No. 9428.....**$1.05**

D COTTON BUFFING WHEELS*—for buffing and polishing metals, tools, golf clubs, etc.
No. 43678—3" diameter.....**$ .70**
No. 43679—4" diameter.....**.95**
*Requires 9426 arbor adapter below.

E ARBOR ADAPTER—For mounting wire wheel brush, buffing or grinding wheel on any drill. ¼" shank, ½" thread spindle.
No. 9426.....**$ .75**

F WIRE CUP BRUSHES—Fits any drill. Remove rust, scale, paint; clean stone, concrete, metal etc. ¼" spindle.
No. 43333—1½" diameter.....**$1.60**
No. 12769—2½" diameter.....**2.65**

G PAINT MIXER——Twin propellers for even, smooth mixture. Stirs up to gallon of paint. Fits any drill. Packed 5 per carton.
No. 13760.....**$ .80**

TWIST DRILL BIT SETS — All bits are top quality, high-speed steel for drilling in steel and other tough materials.

No. 43677 — 5-piece set consisting of 1/16", 3/32", ⅛", 3/16" and ¼" bits.....**$3.10**

No. 43676 — 7-piece set in handy plastic storage case. (1/16" to ¼" bits by 32nd's).....**$4.25**

No. 43661—13-piece set in handy plastic storage case. (1/16" to ¼" bits by 64th's).....**$7.50**

SKIL DRILL ACCESSORY MERCHANDISERS

SKILSAW® DELUXE HOMEOWNERS SAW

SKILSAW 7¼" SAW MODEL 574 $39.95

- Big 7¼" cutting capacity plus powerful 1½ HP Super Burnout Protected Motor provides power for most demanding home and shop jobs
- Depth of cut: 2⅜" at 90°; 1⅞ at 45°
- Powerful 10 amp. motor, 5200 R.P.M. no load speed
- Patented Safety Stop Brushes eliminate possibility of damage to armature

Cut wood, plastic, composition, wallboard . . . even metal and masonry. Rugged helical gears insure power to spare on toughest jobs. Has high quality oil impregnated bearings throughout. Includes other work-convenient features like Vari-torque clutch, easy to use depth and bevel controls, sawdust ejection system and bind free lower blade guard. Overall length, 9½". Net wt. 10 lbs., ship. wt. 12½ lbs.

SKILSAW 6½" SAW MODEL 534 $36.95

- 1¼ HP Super Burnout Protected Motor and rugged helical gearing provides power to spare on toughest jobs.
- Depth of cut: 2⅜" at 90°; 1¾" at 45°.
- Powerful 9 amp. motor, 5500 R.P.M. no load speed
- Patented Safety Stop Brushes eliminate possibility of damage to armature

Makes home remodeling projects seem almost easy. Cuts 2" dressed lumber in seconds, makes 45° bevel cuts too. A special sawdust ejection system directs sawdust and chips down to floor. Other features include Vari-torque clutch, convenient depth and bevel controls and bind free lower blade guard. Overall length, 9½". Net wt. 9¼ lbs., ship. wt. 11¾ lbs.

SPECIFICATION FOR ALL SAWS ON THIS PAGE: equipment: hard tooth combination blade, blade wrench, 3-wire cord with 3-prong plug. **motor:** Universal 115 V. (unless otherwise specified on order). **switch:** single pole trigger type A.C. only.

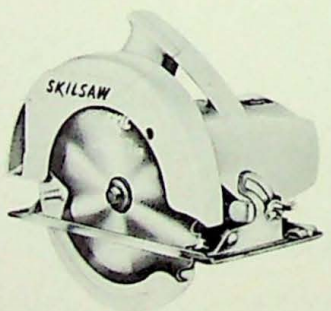

5½" SAW MODEL 533 $34.95

Compact, lightweight design makes it easy to use on any remodeling and repair job. ¾ h.p. motor for cutting wall paneling, plasterboard, plywood and compositions. Cuts 2" dressed lumber at 90° . . . 1" stock at 45° bevel. Has accurate, easy-to-adjust depth and bevel controls; non-binding lower blade guard; high-torque gears. 5.5 amp., motor. No-load speed, 3950 r.p.m. cutting capacity 1¾" at 90°, 1$^{13}/_{32}$" at 45°. Has ½" round arbor. Net wt. 6 lbs., Ship. wt. 9 lbs.

6½" SAW MODEL 536 $44.95

Has the power needed to handle any job from minor home repairs to major remodeling and building jobs. 1¼ h.p. motor and full 6½" blade give extra cutting capacity. Makes 45° bevel cuts in 2" dressed lumber. Vari-Torque clutch guards against motor burnout. Has easy-to-adjust depth and bevel controls, high quality oil impregnated bearings throughout. Other features include sawdust ejection system, helical gears, bind free lower guard. Rugged 9 amp. motor. No load speed 5500 r.p.m. Equipped with ⅝" round arbor. Net wt. 9¼ lbs., ship. wt. 11¾ lbs.

7¼" SAW MODEL 537 $49.95

Over 1½ horsepower for handling heavier-duty work. Full 7¼" blade gives extra cutting capacity required on many building jobs. Cuts 2" lumber at 45° bevel even after repeated blade sharpenings. Has heavy-duty quadrant and ribbed shoe for extra rigidity, cutting accuracy. Features high quality oil impregnated bearing construction, easy-to-adjust depth and bevel controls, Vari-Torque clutch, sawdust ejection system, and bind free lower guard. 10 amp. motor. No load speed, 5200 r.p.m. Has ⅝" round arbor. Net wt. 10 lbs., ship. wt. 12½ lbs.

SKILSAW® INDUSTRIAL DUTY PROFESSIONAL SAWS

All saws on this page are designed to meet most rigid requirements for continuous day-in and day-out use by professionals. To do this, Skil has built such quality features into each saw as ball and roller bearings, rugged helical gears and Super Burnout Protected motors. For the safety of the user, the heavy-duty saws are equipped with a telescoping lower blade guard designed for prevention of jamming on miter cuts. Vari-torque clutch protects motor and gears if blade binds or jams. Push-button blade lock provides fast, easy, safe blade changes. Work convenience features include a sawdust ejection system, bevel and depth-setting controls and for easy-handling—a contoured sure-grip handle.

All are equipped with combination blade, round arbor inner and outer blade washers (adapter washers also available for using diamond arbor blade).

HEAVY-DUTY SAW for home/professional use

A **6½" HEAVY-DUTY SAW MODEL 552**—Top-rated by professionals who demand every-day use out of a saw. Cuts a 45° bevel in 2" dressed lumber—up to 2 3/16" at 90°. No load speed—5800. Over 1½ h.p., 10 amp. motor. ⅝" round arbor. Net wt. 11¼ lbs., ship. wt. 14½ lbs.

B **7¼" HEAVY-DUTY SAW MODEL 553**—Same as Model 552 with more powerful motor and larger blade for added cutting capacity. Cuts to 2⅜" at 90°, 1⅞" at 45°. No load speed 5200. Over 2 h.p., 12 amp. motor. ⅝" round arbor. Net wt. 13½ lbs., ship. wt. 16¼ lbs.

C **8¼" HEAVY-DUTY SAW MODEL 554**—The most powerful saw in this class. Extra-large blade for deep cuts to 2⅞" at 90°, 2⅛" at 45°. No load speed 5200. Over 2 h.p., 13 amp. motor. ⅝" round arbor. Net wt. 13¾ lbs., ship. wt. 16¾ lbs.

SUPER-DUTY SAWS for professional use

D **6½" SUPER-DUTY SAW MODEL 856**—Perfect for home construction jobs. Cuts to 2⅛" at 90°, 1¾" at 45°. No load speed 5800 r.p.m. over 1½ h.p., 10 amp. motor. ⅝" round arbor. Overall length 10¼". Net wt. 12½ lbs., ship. wt. 16 lbs.

E **7¼" SUPER-DUTY SAW MODEL 857**—Same quality features as model 856 with more powerful motor and larger blade for added cutting capacity. Cuts to 2½" at 90°, 2" at 45°. No load speed 5800. Over 1½ h.p., 12 amp. motor. ⅝" round arbor. Net wt. 13 lbs., ship. wt. 16 lbs.

F **8¼" SUPER-DUTY SAW MODEL 858**—Same quality features as models above with additional power and cutting capacity. Cuts to 2⅞" at 90°, 2 3/16" at 45°. No load speed 5400. Over 2 h.p., 13 amp. motor. ⅝" round arbor. Net wt. 15¼ lbs., ship. wt. 20 lbs.

G **10¼" SUPER-DUTY SAW MODEL 860**—Rated the most powerful saw in its class. Blade diameter a full 10¼". Cuts 4" dressed lumber at 90°, 2⅞" at 45°. No load speed 5400. Over 2 h.p., 14 amp. motor. ¾" round arbor. Net wt. 17½ lbs., ship. wt. 25 lbs.

SPECIFICATIONS: equipment: combination blade, blade wrench, 3-wire cord with 3-prong plug. **motor:** Universal 115 V. **switch:** Models 553, 554, 856, 857, 858, 860 have double pole, AC-DC (552—AC only).

SKIL SAW ACCESSORIES

A **RIP FENCES**—Quickly attach to saw base to make rip cuts without first drawing guide lines. Adjustable.

SKIL SAW BLADES for all portable and bench saws

Skil saw blades are carefully made under the most exacting standards in Skil's own plant. Only the highest quality alloy steels are selected, heat treated and precision ground to rigid specifications. Choose from the widest selection available from any manufacturer.

TWO ARBOR (CENTER OPENING) STYLES AVAILABLE

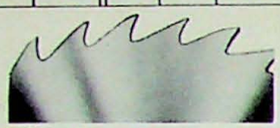

DIAMOND ARBOR BLADES—Have diamond-shaped arbor only for portable saws.

ROUND & DUAL ARBOR BLADES—For portable and bench saws. When two or more sizes are shown, "knock-out" bushing is included to increase arbor size or convert blade to diamond arbor when ◊ symbol is indicated.

NOTE: All SKILSAW Model Saws have diamond arbors except those listed below.

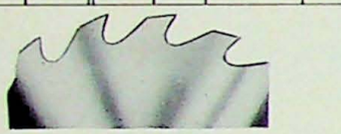

Skilsaw Model	Arbor
504, 533, 604	½" Rd.
502, 534, 536, 537, 574, 552 (type 9 & up), 553 and 554 (type 6 & up), 856 (type 2), 857 and 858 (type 3)	⅝" Rd.

CUT OFF WHEELS—All wheels are fiber-glass reinforced for longer life; shatter-resistant for greater safety.
Masonry cutting—Silicon Carbide abrasive.

NOTE: Before using any cut-off wheel, always be sure its maximum safe operating speed (shown on wheel blotter) is not exceeded by the free speed of the tool (shown on nameplate). Use only on tools with proper safety guards.

PERMA-GRIT WHEELS & BLADES—have tungsten-carbide grit bonded to edge and sides. For smooth cutting in fiber glass, Masonite, plastics, veneers, plywood.

PERMA-GRIT WHEELS—
For table, radial saws. Cut, sand, plough, shape and notch. Have round arbor.

No. 18720—8" wheel, ⅝", ½" arbors, 36 grit on edge and one side, 80 grit on other side.... **$8.50**

NEW! TEFLON-S® COATED BLADES
"Teflon-S" is a tough new industrial coating which enables SKIL saw blades to cut faster, cleaner, with far less burning. Blades stay cleaner because even sap does not stick to "Teflon-S". Blades may be resharpened and reset without damaging the coating.

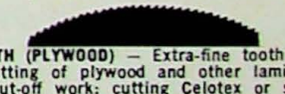

COMBINATION — For cross-cut and rip work in soft woods, general carpentry.

part no.	diameter, inches	arbor size inches	retail
68306	6½	◇ ⅝ Rd.	$3.60
68307	7¼	◇ ⅝ Rd.	3.75
68308	8¼	◇ ⅝ Rd.	4.20

CROSSCUT — Gives smoother cross-grain cuts than combination types. Also practical for use as rip and cut-off blade in extremely hard woods.

SKIL JIG SAWS for home/professional use

MODEL 524
$39.95

NEW MODEL 42524
$46.95

MODEL 514-6
$32.95

NEW MODEL 42514-6
$38.95

- **For the professional, tradesman or homeowner**
- **2-speeds for greater versatility — top handle for maximum control**
- **Tilting foot with positive "stops" at 45° and 90°**

DELUXE 2-SPEED JIG SAW—Powerful 2.3 amp motor delivers high speed of 4000 strokes per minute for cutting wood, plastic and composition; delivers 3000 s.p.m. for cutting metal. True orbital action cuts on up stroke, clears work on down stroke to eliminate harmful blade drag for faster cutting. Automatic blower keeps sawdust off cutting line. Capacity: soft woods, 2"; hard woods 1⅝"; metals ½", mild steel ⅛". Rugged bevel gears, ball thrust and cushion mounted anti-friction bearings. Universal 115V motor unless otherwise specified. Trigger switch, AC only. Includes splinter-free cutting attachment, assortment of 3 blades, 3-wire cord and plug.
Model 524—Net wt. 4½ lbs., ship. wt. 5½ lbs. **$39.95**

DELUXE 2-SPEED JIG SAW KIT—Includes Model 524 2-speed Jig Saw, 6 wood cutting and 2 metal cutting blades, rip fence and circle cutting guide packed in plastic carrying case.
Model 42524—Net wt. 4½ lbs., ship. wt. 6½ lbs. **$46.95**

PLASTIC CASE No. 42529—Same as furnished with Model 42524 Kit above **$4.95**

- **1 and 2-speed models for homeowner or tradesman wanting versatility**
- **Rips, crosscuts, scrolls and notches — makes own starting hole**
- **Orbital blade action for fast cutting, long blade life**

2-SPEED JIG SAW—Two-speed model offers more accurate control and cutting efficiency. Low speed for metal — high speed for cutting wood, plastic and compositions. Contour-grip housing for better control and greater accuracy on intricate work. Specially designed stationary foot eliminates need of splinter-free attachments. Powerful 2.3 amp motor. Low speed 3000 strokes per minute; high speed 4000 strokes per minute. Automatic blower keeps saw line clean. Assortment of blades included. Cutting capacity and motor specs. same as Model 524.
Model 514-6—Net wt. 3¾ lbs., ship. wt. 4¾ lbs. **$32.95**

SINGLE-SPEED JIG SAW—Same as above, operates at 4000 s.p.m.
Model 514—Net wt. 3¾ lbs., ship. wt. 4¾ lbs. **$29.95**

2-SPEED JIG SAW KIT—Model 514-6 two-speed Jig Saw, 6 wood and 2 metal cutting blades, rip fence and circle cutting guide. Plastic case has molded interior for tool.
No. 42514-6—Net wt. 5 lbs., ship. wt. 6 lbs. **$38.95**

SINGLE SPEED JIG SAW KIT—Includes same accessories listed above but contains Model 514 single-speed Jig Saw.
No. 42514—Net wt. 5 lbs., ship. wt. 6 lbs. **$34.95**

PLASTIC CASE No. 42530—Same as furnished with above kits. Interior molded for tool **$4.95**

JIG SAW BLADES—Skil blades are designed to fit all popular jig and sabre saws using ¼" shank blades. Single blade packages (packed 10 per carton) or perforated 5-pack cards (packed 5 cards per envelope).

SKIL RECIPRO SAW

MODEL 577

- **Now with 2 speeds—high for cutting wood, low for cutting metal**
- **Cuts anything from fence posts to conduit**
- **For home remodeling and light duty professional use**
- **Has 3 position foot & 4 position blade**

Has high speed (2000 strokes per minute) for fastest cutting of wood, plastic, composition. Low speed (1600 s.p.m.) for cutting steel, aluminum, brass. Ideal for pocket cuts, roughing-in, scroll work and ripping. Features include adjustable 4-position blade that cuts flush along wall or floor, 3 position foot, double reduction gears, and canted blade for faster cutting and longer blade life. High quality oil impregnated bearings. Trigger switch, AC only. Length of stroke ¾". 3 amp. 115V motor (other voltages at extra cost). Length overall 11¾". With 3 blades, 3 wire cord, plug. Net wt., 5½ lbs., ship. wt., 6½ lbs.

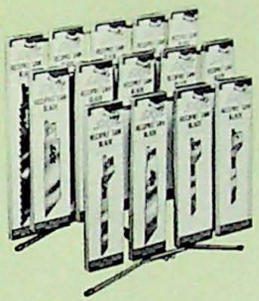

RECIPRO SAW KIT MODEL 42577 — Contains Skil Model 577 2-Speed Recipro Saw and assortment of eight different blades for any cutting purpose. All in high impact plastic case. Net wt. 8 lbs.

CARRYING CASE No. 27999 — Same as furnished with No. 42577 Recipro Saw Kit **$4.95**

KNIFE BLADE (SILVER BLADE)

45084	—	4	Cardboard, paper, cork, rubber, leather and felt.	.60

PRUNING (GREEN BLADE)

26228	6	12	Fast pruning cuts, especially fruit trees.	1.85

Note: All blades also fit most models of competitive reciprocating saws. (10 blades per pkg.)

SKIL ROUTERS

½-H.P. ROUTER MODEL 295

- **Heavy-duty model for carpenters, cabinet makers, home owners—for routing, grooving, dadoing, beading and making other precision cuts in wood, plastics**

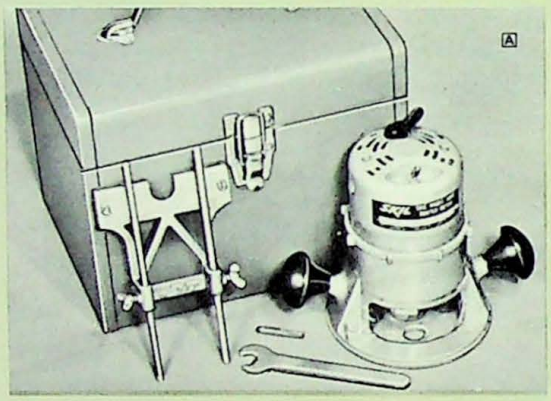

- **Powerful ½-H.P. motor delivers 23,000 R.P.M.**

Lightweight, easy to handle. For inlay work, decorative edges, many types of carving and finishing. Accurate depth adjustment. Built-in chuck lock makes bit changing fast and easy. Powerful 4.75 amp. Super Burnout Protected Motor removes to convert No. 3650 Plane Attachment to 2⅜" plane. Precision ball bearing construction, recessed toggle-type switch, AC-DC, 115 V (unless otherwise specified on order). With one ¼" collet, wrench, 3-wire cord, plug. Base plate diam. 5⅝", height 6½". Net wt. 5¾ lbs., ship. wt. 8 lbs..... **$64.95**

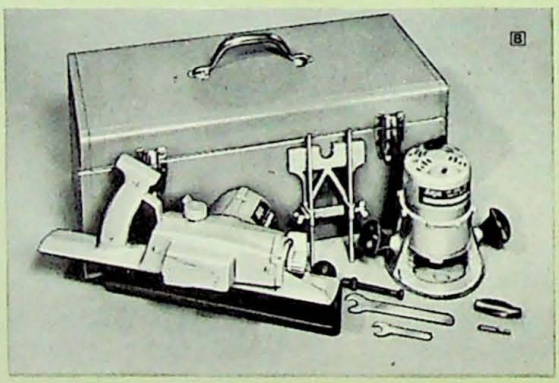

⅞ H.P. ROUTER MODEL 297—Does the same jobs and has all the features of Model 295 above but has a more powerful ⅞ H.P. motor that develops 6.5 amps. Clear plastic eyeshield eliminates dust being thrown during close up work. Net wt. 5¾ lbs., ship. wt. 8 lbs..... **$74.95**

Ⓐ **½-H.P. ROUTER KIT MODEL 295-1**—Kit includes Model 295 Router, ¼" Straight Bit and Straight and Circle Edge Guide for accurate spacing of grooves, dadoes, rabbets, etc. from 0" to 5" from edge of material. All packed in heavy gauge metal case. Ship. wt. 14 lbs..... **$79.95**

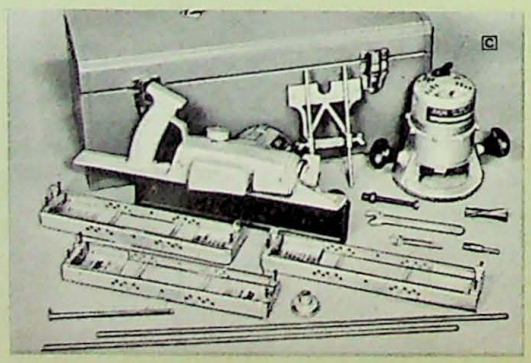

⅞-H.P. ROUTER KIT MODEL 297-1—Kit same as Model 295-1 above except has more powerful ⅞ H.P. Router Model 297. Ship. wt. 14 lbs..... **$89.95**

Ⓑ **½-H.P. ROUTER-PLANE KIT MODEL 295-2**—Kit features Model 295 Router and No. 3650 Plane attachment. Includes ¼" Straight Bit, straight and circle edge guide, spiral plane cutter, wrench, metal case. Ship. wt. 23 lbs..... **$139.95**

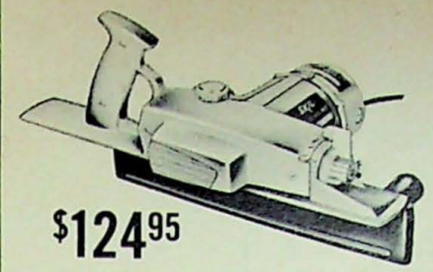

⅞-H.P. ROUTER-PLANE KIT MODEL 297-2—Same as Model 295-2 above except includes more powerful Router Model 297. Ship. wt. 23 lbs..... **$149.95**

Ⓒ **½-H.P. DOOR HANGING KIT MODEL 295-3**—For hanging doors far faster and easier. Designed to simplify mortising for hinge butts on 6'8" or 7' wood doors and jambs with 7" to 11" hinge placements. Eliminates measuring, calculating and layout. **Kit includes:** Model 295 Router; No. 3650 Plane attachment; lock nut; template guide; right hand, left hand and center templates; height gauge assembly; hinge bit; 2 spacing bars; 4 bushings, 4 pins; carrying case. Ship. wt. 29 lbs..... **$169.95**

⅞-H.P. DOOR HANGING KIT MODEL 297-3—Kit same as Model 295-3 above except, has Model 297 Router. Ship. wt. 29 lbs..... **$179.95**

CARRYING CASES—Heavy gauge steel with special brackets for tools and room for extra bits and other accessories.
No. 43730—Supplied with Router Kits..... **$10.50**
No. 43731—Supplied with Router-Plane and Door Hanging Kits..... **$17.50**

SKIL 2⅜" PLANE MODEL 296

• Powerful 6.5 amp Super Burnout Protected Motor delivers 23,000 R.P.M. • Makes cuts to ⅛" deep, 2⅜" wide • Has bevel adjustment from 15° outward to 45° toward shoe • Has convenient thumb control depth adjustment.

New low cost plane provides fast, accurate edging on cabinets, doors, windows, screens, etc. High speed ⅞ H.P. motor gives smooth edges even on plywood. Micrometer adjustment levels plane cutter with rear shoe. Includes 16" shoe, chip deflector plane cutter, 2 wrenches, wire cord, plug. All ball bearing construction. Recessed toggle switch, AC-DC, 115 V unless otherwise specified on order. Length overall 16". Net wt. 9½ lbs., ship. wt. 13 lbs. **$124.95**

ROUTER ACCESSORIES

Ⓐ **No. 5000 ROUTER MOTOR**—For use with No. 17067 Router Base or No. 3650 Plane Attachment. Includes wrench, built-in spindle lock. 115 V unless otherwise specified on order. **$66.95**

Ⓑ **No. 17067 ROUTER-BASE**—For use with No. 5000 Motor to make router identical to Model 297 Router **$12.95**

Ⓒ **No. 3650 PLANE ATTACHMENT**—For use with No. 5000 Motor to make plane identical to No. 296 Plane **$62.95**

No. 20750 PLANE CUTTER SHARPENING ATTACHMENT—Includes motor holding assembly, No. 20595 grinding wheel, guide assembly and eye shield **$38.50**

No. 20595 Replacement Grinding Wheel—For No. 20750 Sharpening Attachment **$1.70**

No. 20717 Spiral Plane Cutter—Same as furnished with No. 3650 Plane Attachment **$11.50**

Ⓓ **No. 17070 HINGE-BUTT TEMPLATE KIT*** — Designed to simplify and speed up mortising for hinge butts on 6'8" or 7' doors and jambs with 7"-11" hinge placements. Eliminates measuring and layout. Mortises for 2½" to 5½" hinge sizes. **equipment:** Three templates with connecting rods, nail puller, extra nails, carrying case, No. 17088 Surfacing Bit, No. 17089 Template Guide, No. 11587 Lock Nut and No. 17831 Corner Chisel. Wt. 16 lbs. *Includes Patented Features **$69.50**

No. 17831 Corner Chisel—For squaring mortises **$4.50**

VENEER AND LAMINATE TRIMMING ATTACHMENT — For smooth, accurate trimming of edges on wood veneers and plastic. Adjustable for both flush and bevel trimming with one bit. Order components E, F, & G below.

Ⓔ **No. 19200 VENEER TRIMMING GUIDE**—Attaches to (G) below for veneer trimming applications. Replaceable, nylon guide roller wheel. Set-up pin centers bit exactly with roller wheel **$6.25**

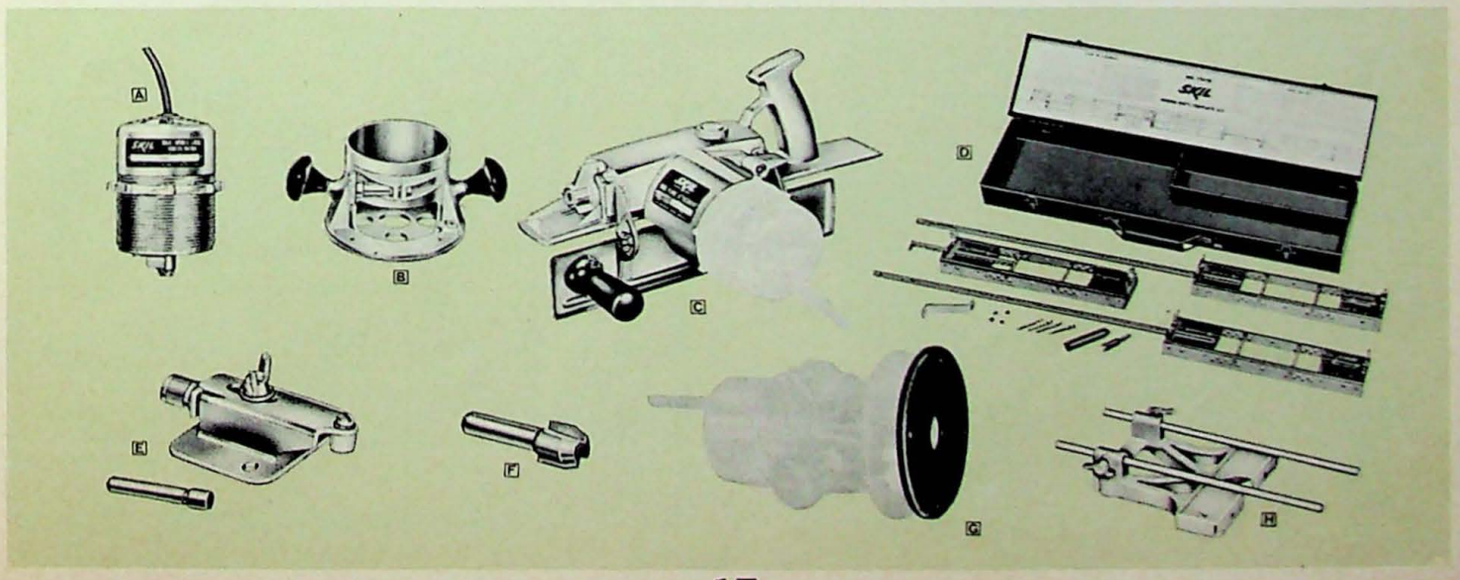

Ⓕ **No. 19627 CARBIDE TIPPED BIT**—For flush and bevel cutting **$7.80**

Ⓖ **No. 19628 VENEER TRIMMING SUB-BASE** — Pre-drilled holes for attaching (E) above **$3.95**

Ⓗ **No. 16890 STRAIGHT AND CIRCULAR EDGE GUIDE** — For accurate spacing of grooves, dadoes, etc. from 0" to 5" away from edge of straight or circular material **$6.25**

No. 19250 BIT SHARPENING ATTACHMENT—For sharpening router bits and shaping cutters. Adjustable for one, two and three cutting edges. Includes grinding fixture, adapter for ¼" shank bits, adapter for 5/16" shaping cutters, and No. 20199 grinding wheel **$29.95**

No. 20199 Replacement Grinding Wheel—For No. 19250 .. **$1.60**

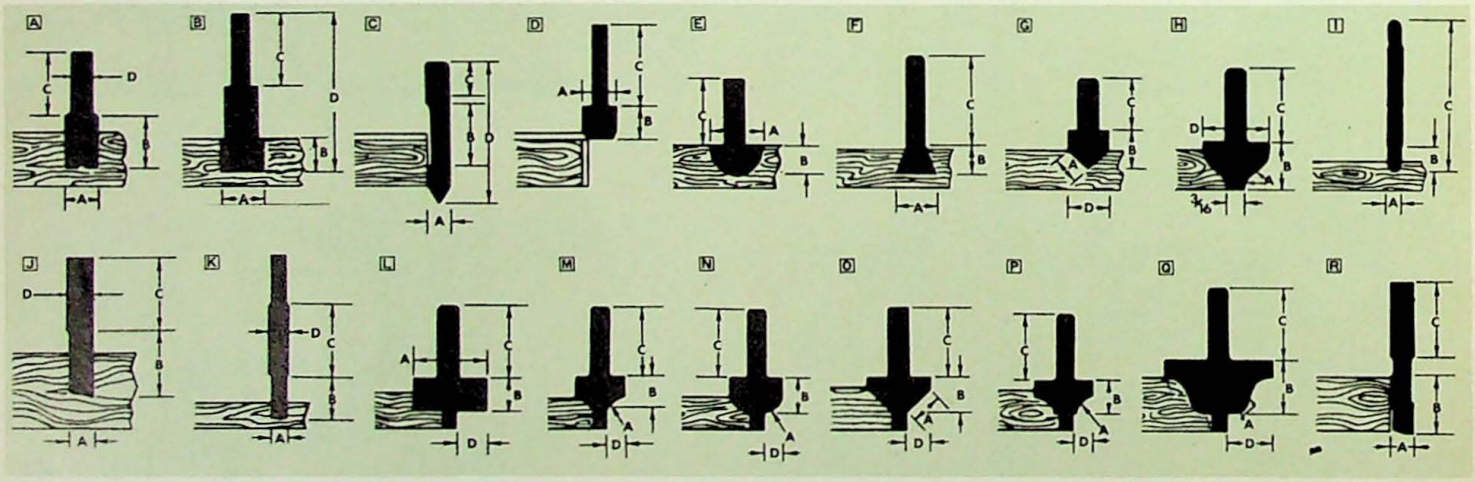

SKIL ROUTER BITS

Precision ground, high-speed tool steel and carbide-tipped bits for every routing, forming, veneer and laminate trimming applications. All have 1/4" shank unless otherwise indicated.

Bits shown in green are carbide-tipped.

SKIL BELT SANDERS for home/professional use

$59.95

3" BELT SANDER MODEL 594

- Lightweight for easier handling, greater control
- Sands flush to vertical surfaces
- Powerful 5 amp motor

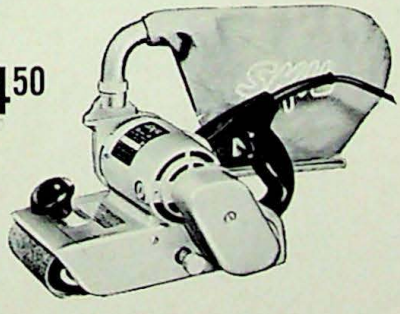

For fast sanding of woods, compositions, even metal. Powerful Super Burnout Protected motor maintains belt speed even under heavy loads. Self tensioning mechanism makes belt changes fast and easy. Control knob for centering belt on pulleys. Universal motor 115V. Anti-friction bearings, precision cut gears with cog belt drive. No load speed, 925 ft. per minute. With one sanding belt, 3-wire cord, plug. Overall length 11¾". Net wt. 9½ lbs. Ship. wt. 11½ lbs.

$69.95

3" DUSTLESS BELT SANDER MODEL 595—Same features as Model 594 with addition of built-in, fan-driven dust pick-up unit that is integral part of unit. Intake system draws dust into bag for quick disposal. Keeps work area clean. 5.5 amp. motor. Net wt. 10 lbs., ship. wt. 12 lbs.

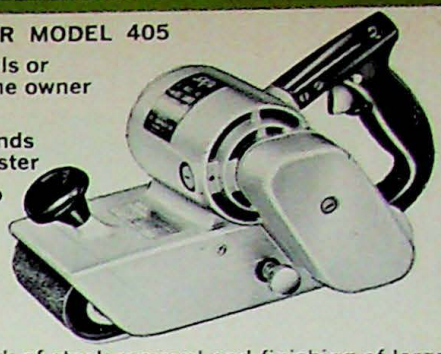

$104.50

4" DUSTLESS BELT SANDER MODEL 400—Same features as Model 405 with addition of built-in dust pick-up unit that is integral part of tool. Draws dust into bag for quick, easy disposal. Keeps work area clean. Powerful 7 amp. motor. Net. wt. 13 lbs., ship. wt 14½ lbs.

4" BELT SANDER MODEL 405

- For professionals or heavy-duty home owner use
- 4" wide belt sands larger areas, faster
- Powerful 7 amp motor

$94.50

Makes fast work of stock removal and finishing of large areas. Lightweight design reduces arm fatigue on vertical and overhead surfaces. Sands flush in confined areas. Simple locking device makes belt change-over easy. Control knob for belt alignment. Universal 115V motor (unless otherwise specified on order). Ball bearing construction. No load speed, 1350 r.p.m. Belt size 4" x 21¾". Length overall 12½". With sanding belt, 3-wire cord, plug. Net wt. 12 lbs., ship. wt. 13½ lbs.

SANDING BELTS — Made of high-quality aluminum oxide. Close coat belts are ideal for sanding new or unfinished wood, plastics, non-ferrous and ferrous metals. Open coat are for sanding or removing painted, varnished or lacquered surfaces and green lumber.

SKIL DELUXE ORBITAL SANDER

MODEL 592

- Sand with or across grain
- Flush design — gets into corners on 3 sides
- Over 25 sq. in. sanding surface
- Powerful 2.5 amp. motor

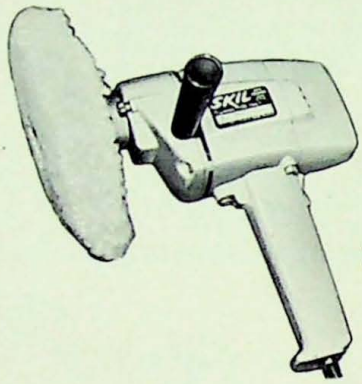

Remove stock, old paint and varnish professionally. Lightweight for vertical or overhead use. Spring-action clamps hold up to four 3⅝" x 9" sanding sheets for fast, easy paper changes. Ideal to sand or finish wood, composition, wallboard, plaster, plastics or metal. Thumb-tip single pole, rocker type switch; AC only. Universal 115 V motor (unless otherwise specified on order). No load speed 5000 o.p.m., with 3/16" orbit. 3-wire cord, plug. One each 60, 100 and 150 grit sanding sheets. Overall length, 9¼". Net wt. 4½ lbs., ship. wt. 5¾ lbs.

SKIL POLISHER-SANDER

6" POLISHER-SANDER MODEL 120

- Triple-duty tool ideal for home repairs and car upkeep or small garages and service stations.
- Polish, sand or drill in wood, metal, compositions or plastic

Full powered 2000 r.p.m. 2.5-amp motor develops over ⅓ h.p. to handle tough jobs, maintain speed on polishing and sanding jobs. Simply attach chuck to convert to ¼" drill. Has extra power too for driving drill and wood auger bits in most materials. Compact, lightweight. Includes polishing bonnet, rubber backing pad, 3 sanding discs (fine, medium, coarse), wrench, removable side handle, 3-wire cord and plug. Rocker-type, single pole switch, AC only. 115V Super Burnout Protected motor (unless otherwise specified). Overall length, 8¾". Net wt. 4 lbs., ship. wt. 5¾ lbs.

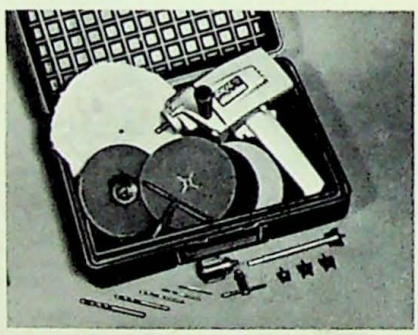

$32.95

POLISHER-SANDER KIT MODEL 120-1

- Everything for sanding, polishing and drilling in wood, metal, plastics.

Kit includes Model 120 and all accessories listed above plus a ¼" drill chuck and key (converts tool to drill), 5 twist drill bits (sizes 1/16, 3/32, ⅛, 3/16, ¼), and 5 pc. auger bit set for drilling holes to 1". Complete kit is packed in high impact plastic carrying case. Net wt. 9½ lbs., ship. wt. 10½ lbs.

SKIL LAWN & GARDEN POWER TOOLS

DELUXE QUALITY HEDGE TRIMMER MODEL 527

- Exclusive scalloped-tooth blade design allows more branches to be cut in one stroke
- Extra-long 13½" cutting surface speeds hedge trimming
- Powerful 2.3 amp SBP motor delivers 1800 cutting strokes per minute
- Shape hedges, shrubs, evergreens—even cuts tall grass and weeds

With the same extra long blade as used in our heavy-duty trimmer, the Model 527 cuts equally fast. Lightweight—only 4½ lbs. Has side handle and large rear handle. Universal motor, 115V. Rocker-type switch, AC only. With cord lock, 3-wire cord, plug. Ship. wt. 6 lbs.

HEAVY-DUTY SHRUB & GRASS SHEAR MODEL 529

- Powerful 2.3 amp Super Burnout Protected Motor
- Exclusive scissor action blades cut full 6" swath

Trim around walks, trees, shrubs, fences. Scissor action blades are self-sharpening, won't throw stones or dirt. Built in clutch. Top handle adjusts 90° right or left. Universal motor, 115 V (unless otherwise specified). 1800 s.p.m. Single pole, toggle-type switch, AC-DC. With cord lock, 3-wire cord, plug. Net wt. 4½ lbs., ship. wt. 5¾ lbs.

No. 26175 ROLLER HANDLE — For Model 529. Net wt. 2 lbs. **$5.95**

HEAVY-DUTY HEDGE TRIMMER MODEL 513

- Full 13½" cutting surface
- Over ¼ h.p. SBP motor with rugged, trouble-free spiroid gears

Designed for continuous, trouble-free performance. Scalloped teeth grip foliage for clean cut. Built in clutch protects motor and gears. Handle adjusts 90° right or left. Lightweight, balanced for handling ease. Universal motor, 2.3 amp; 115 V (unless otherwise specified). 1800 cutting strokes per minute. Single pole, toggle-type switch, AC-DC. With cord lock, 3-wire cord, plug. Net wt. 4½ lbs., ship wt. 5¾ lbs.

SKIL TRIMMER EDGER MODEL 539

NEW

Here is a brand new dual-purpose Trimmer Edger that was designed for the toughest, day-long trimming and edging. Its powerful heavy-duty Super Burnout Protected motor was built to sustain tremendous use and abuse to withstand frequent and excessive overloads without damage. There's even a slip clutch for additional protection against shock and overload. The convenient thumb switch automatically returns to "off" when thumb pressure is released. It's the perfect tool for trimming around trees, house or any place that the lawn mower can't reach and for edging along walks, drives and patios.

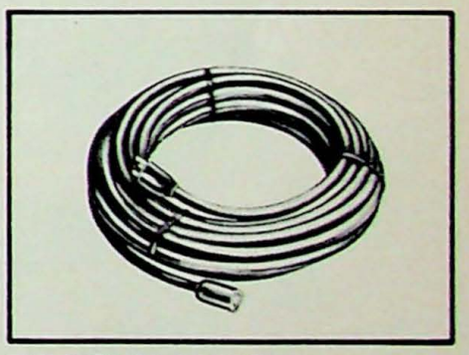

And it's safe too — Converts from trimmer to edger and back again in seconds with a simple flick of locking button, head swivels to edger position only after the Safety Guard* is shifted from its trimming to edger position.

A large edge guide permits operator to follow contour of walk or drive easily. Its large wheels provide for greater maneuverability. No load speed 17,000 R.P.M., 4 amp motor. With 7" diam. blade, cord lock, three wire cord plug. Net wt. 7½ lbs., ship. wt. 10 lbs.

No. 43413 — 7" DIAM. REPLACEMENT BLADE . . **$1.50**

* U.S. Patents Pending

EXTENSION CORDS

For Skil Shears and Trimmers. Bright yellow color makes cord easy to spot on lawn. For 150' hookup use 100' of 16 gauge cord at outlet and 50' of 18 gauge cord at tool. For 200' hookup use two 16 gauge cords. 3-wire cords, plugs. UL approved.

No. 22399— 50' of 18 ga. cord ... **$ 7.95**
No. 22400—100' of 18 ga. cord ... **14.95**
No. 22401—100' of 16 ga. cord ... **19.95**
CORD LOCK NO. 23777 — Prevents disconnection of plug from cord socket ..... **.10**

MODERN WAY TO DISPLAY POWER TOOLS & ACCESSORIES FOR FAST TURN-OVER

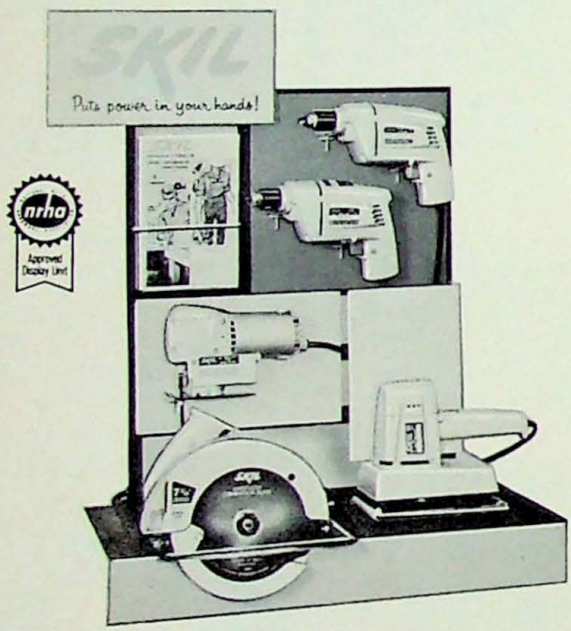

DRIVE-R-DRILL MERCHANDISER with Free Display

This colorful "silent salesman" tells the exclusive Skil Drive-R-Drill story in seconds — plus your customer can actually pick up a drill for an on-the-spot demonstration. He'll squeeze the accelerator-type trigger for any speed from 0 to 2000 R.P.M. — he'll flip the lever for "reversing" direction. He'll try it again. You'll have increased your chances to sell in a fraction of the time required for a personal sales pitch.

The attractive wood and masonite display has illuminated molded plastic header, a 3-prong duplex receptacle for demonstrating drills, literature rack. Requires less than two sq. ft. of counter or shelf space. Measures 16" x 25½" x 8" deep.

Get No. 67788 Drive-R-Drill Display Free with the purchase of any five Skil Drive-R-Drills and/or Adjustable Drive-R-Drills listed on Pages 2-4 in this catalog.

SKIL NO. 67789 5-TOOL MERCHANDISER with Free Display

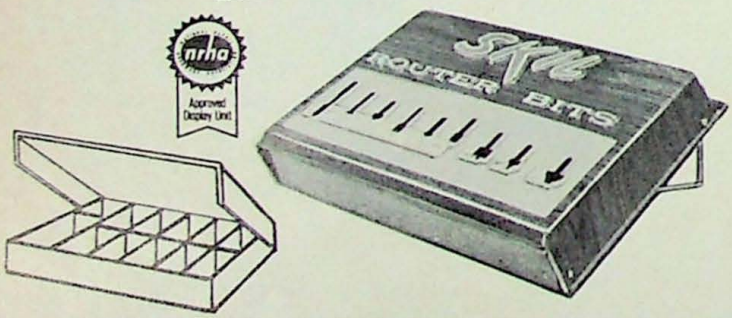

Colorful display offers you a merchandising edge you've not had in any power tool display before. The tool assortment includes the most popular, most promoted Skil tools for the home craftsman. The display and tool assortment combine to make this the best way yet to move profit-building power tools in real volume at the point of sale. Buy it and see for yourself.

Eye-catching wood and masonite display requires less than 2 sq. ft. of counter or shelf space. Measures 23½" x 31½" x 10" deep. Includes literature rack, peg board hooks.

Get No. 67790 5-Tool Display Free with the purchase of five tool assortment below. (Note: tools and display are shipped in one master carton.)

SKIL NO. 67784 ROUTER BIT MERCHANDISER with Free Display

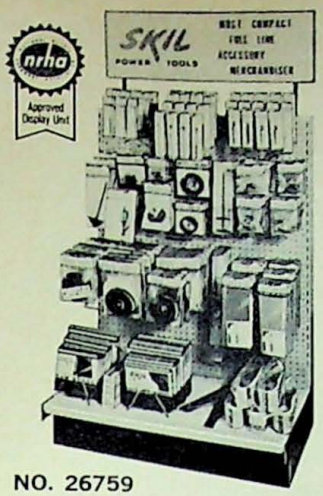

Here is the most attractive and practical way yet to display, stock and sell router bits at the point of sale. The durable molded polystyrene unit has a handsome walnut finish and eye-catching design that will enhance any power tool department. Use it on the counter as pictured or hang it on a pegboard wall. A hidden flip lock insures against pilferage. And, best of all, it requires less than 1½ sq. ft. of your counter or wall space. Actual size 15½" x 12".

An inventory of approximately 70 bits can be stocked in its twelve compartment storage area. A handy reference chart inside the display lists complete bit information for your convenience.

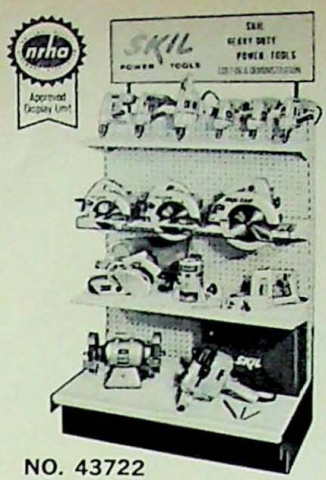

Get No. 67785 Router Bit Display FREE with the purchase of 24-pc. bit assortment at your regular cost.
